'My Friend Flicka' Comes To Screen in Technicolor

Out of the avalanche of books, magazine stories and plays that are written each year ,a small percentage is published—and a much smaller number is potential screen fare. It is the function of the story departments of the film companies to read each and every one of these literally thousands of stories and decide which are acceptable for film production.

Twentieth Century-Fox prides itself on its story department, for directly traceable to its perspicacity, as well as the company's willingness to back its opinion, are many of the outstanding films of recent years. Notable among these are "The Grapes of Wrath," "How Green Was My Valley" and "This Above All."

It is believed, and with no little justification, that another coup has been scored in the new picture, Mary O'Hara's "My Friend Flicka," the Technicolor hit which is scheduled to open next Thursday, Friday and Saturday at the Fox Sequoia Theater. Featuring Roddy McDowall, Preston Foster and Rita Johnson, the film marks the successful conversion of another top novel into an outstanding motion picture.

As a novel, "My Friend Flicka" enjoyed marked success.

Fox Announces New Openings

The following civil service examinations have recently been announced:

Law clerk, trainee, $1800 a year; attorney, $2000 to $3200 a year.

For further information consult Chester B. Fox, local secretary, Board of U. S. Civil Service Examiners, U. S. Post Office at Redwood City.

James G. Jordan, who has been appointed Retail Sales Manager for Shell Oil Company, Incorporated.

Shell Names Sales Manager

L. G. McLaren, vice president —marketing Shell Oil Co., Inc., has announced the appointment of James G. Jordan to the post of retail sales manager for the company.

Jordan comes to the West from Cleveland, O., where he has been division manager for Shell during the past eleven years. He is at present making an extended tour of the company's marketing territory in the eleven Western states to make a first hand study of retail marketing conditions throughout the sales area.

On his return, Jordan will make his headquarters in San Francisco.

V FOR REMODELING

If you have a high necked dress you are tired of, cut a deep V to the waistline and wear with guimpes or dickies. The sides of the V can be bound, embroidered, buttonholed, or saddle stitched.

CIVILIAN DEFENSE: City Needs First Aid Volunteers

Valuable training in first aid will be given some 50 men and women who will volunteer for the ambulance and first aid crews of Redwood City's civilian defense setup, it was announced today by A. W. Russell, county building inspector who is chairman of this phase of civilian defense here.

Twenty hours of instruction in first aid under certificated instructors are given citizens before they are assigned to crews with which they will work in case of enemy action against Redwood City, Russell explained. Classes will be started just as soon as new volunteers can be signed up. Refresher classes are being arranged for first aiders who want the work, or who haven't completed their courses, and in addition instruction is given twice monthly for the workers.

Russell said his department was sorely in need of about 50 persons — men preferred — to bring his first aid group up to the strength it should have. He and other CD leaders here have lost a number of workers due to removals and inroads of the draft upon the city.

Anyone interested in his phase of the work may contact Russell at the court house (RC 2180) or the War Council office in the city hall (RC 324).

Volunteers are also needed in virtually all phases of civilian defense work here. Information may be obtained from Mrs. Florence Donnelly, war council secretary, at the city hall office.

Gans Invokes Rabies Quarantine

Dr. C. C. Gans, county health director, has invoked a rabies quarantine effective in all unincorporated areas in the county and in all municipalities excepting Menlo Park, which maintains an independent public health service.

The order requires that dogs and cats within the area shall be kept in strict confinement or on leashes not over 5 feet in length. The quarantine will be effective until further notice.

Dr. Gans said the order was made necessary by an increase in the number of rabies cases in adjacent counties and an increase in the disease throughout the state.

Stransky Estate Worth $25,691.70

Estate of Mary H. Stransky, 1909 Capitol Ave., East Palo Alto, who died Feb. 16, was appraised at $25,691.70 by Appraiser James A. Lee, appraisal papers filed in superior court at Redwood City today revealed.

ALL CLEAR!

Tojo and Hitler won't like this. ELECTRIC POWER for the building of ships, the making of munitions of war and the production of food for the United Nations, flows unceasingly from our scores of generators in the high mountains. Fighting winter's snow and sleet, wind and rain, our patrols have kept the high voltage lines open and operating. It's their way of beating the Japs and the Huns. They're good soldiers, these seasoned, toughened, expert linemen.

The P·G·and·E· Army

Twelve thousand strong, the men and women employees of this company are carrying on. More than 2100 of their fellow workers already have gone into military service. Those that remain know the serious importance of their task. They know that maintaining unbroken service of gas and electricity to the war industries strengthens the hands of MacArthur in the South Pacific and Eisenhower in North Africa. These utility workers, each one doing his bit of the multitude of prosaic jobs involved in efficient delivery of electric power and fuel gas, are making a magnificent record of accomplishment. They are an army in themselves, always attacking, always on duty. We are proud of them.

Electric Power When and Where Needed

"Long before Pearl Harbor, the Company began its preparations for meeting the anticipated requirements of the nation's rearmament program. We have been able at all times to meet promptly and fully, with an adequate margin for contingencies, the maximum simultaneous demands of almost a million electric customers. The peak power demand during 1942 was about 250,000 horsepower higher than the 1940 maximum, but in the intervening period more than 300,000 horsepower was added to our system through the construction of new plants or under contracts with other producers. We will add another 300,000 horsepower of capacity during 1943 . . . We are doing our utmost to serve our country's war effort."

—President J. B. Black, in Annual Report for 1942.

Miss Holly Cameron, a pretty miss from Alabama, is here on a visit with her aunt, Mrs. George Swain of Stanford Park.

★ ★ ★

The government has begun active work on the new base hospital building on the Hopkins tract. Work is being retarded by lack of labor. Mechanics are in the army and laborers, too, are scarce.

★ ★ ★

Frank Gainer, mosquito exterminator, is about to begin a campaign in this district by a system of oiling. He finds it difficult to secure men to help him. Peter Torres, his assistant has been with him on the job for 32 years, and despite his 82 years is still a vigorous mosquito chaser. He was born at Half Moon Bay more than 20 years ago.

★ ★ ★

George Stern, a capitalist of Reno, Nev., is here looking forward to purchasing a business property on El Camino Real. He intends to establish a feed and fuel store.

★ ★ ★

The city council has awarded a contract to Manuel Praeter of Redwood City to cut grass on all vacant lots in town.

U.S. Navy Seeks Shore Patrolmen

The Twelfth Naval District today issued a new call for enlistments by policemen in the U. S. Naval Reserve to serve as specialists in the permanent shore patrol. Applicants must be from 38 to 50 years of age, Lt. Comdr. A. R. Bosworth, acting public relations officer, said.

New Way To Wash Dishes

Scientific research has perfected a chemical that dissolves grease, is kind to your hands, and saves over its cost in soap. It's called Rain Drops, and it's not a soap, nor a water softener.

Here's the new dish-washing method: Add two tablespoons of Rain Drops to one tablespoon of regular soap powder. Add boiling water, and immerse dishes. Be sure they're covered completely by the water. Now forget them. When you return, merely lift them from the billowy blue suds, rinse and stack. They dry themselves. Dishes washed this way last much longer, for they practically never chip. The same applies to your manicure. When you empty the Rain Drops solution into the sink, it automatically cleanses the drain, keeps it from getting clogged. Most grocers have Rain Drops now.

SCHOOLS: Harvest Show To Be Held in R.C. June 5

June 5 is the date set for the harvest show of the victory gardens project in which elementary schools of Redwood City are participating. Results of their efforts in gardening and the raising of small animals and fowl will be shown, it was announced today by Andrew Spinas, elementary school principal.

The show is being sponsored by the Redwood City Kiwanis Club in conjunction with the Redwood City Food Production Committee with Louis Christensen as chairman. Serving with him are Spinas, Duncan Reynard, E. W. Butler, chamber of commerce manager, and Max Leonard, agricultural commissioner.

Original plans called for Central School to house the exhibit, but a survey just completed showed that 457 students (not including Mt. Carmel) plan to enter vegetable exhibits and to enter vegetable exhibits and 300 a result the committee is now looking for larger quarters.

Work on the awards for the show is going on and faculty members are assisting, Spinas said.

By schools the number of children planning to exhibit are:

	Vegetables	Livestock
Central	80	0
Garfield	106	70
Washington	46	13
Lincoln	50	40
McKinley	129	150
John Gill	46	27
Mt. Carmel (est.)	50	40

Defense Unit For Pt. Montara

A $6000 defense unit for San Mateo County was assured today, as funds were allotted in Washington for the construction of a night lookout training building at the anti-aircraft training center at Point Montara.

In announcing the measure, Congressman Jack Z. Anderson of this district declared he had, some time ago, appealed for funds to provide night facilities at Montara where men are being trained in anti-aircraft work for the protection of the area. The $6000 appropriation granted, he explained, will not only facilitate the training work at the center, but will offer added protection in the Western Defense Command's program for intensified guarding of this sector.

Judge Denies Change Of Venue

Litigation over the right to dispose of the remains of Mrs. Fannie May Howard Herrscher will be fought out in superior court here it was decided by Judge Maxwell McNutt here. The judge denied the motion of Edmond E. Herrscher, San Francisco attorney and surviving spouse of Mrs. Herrscher, to transfer the case to San Francisco.

The litigation was filed by Mrs. Herrscher's three sons by a former marriage, Robert, Lindsay and Charles Howard Jr. in March seeking a court order to remove their mother's remains to a $10,000 tomb room at Cypress Lawn Cemetery. Herrscher and the cemetery association were named defendants.

Herrscher's motion for a change of venue was accompanied by a demurrer. Hearing on the demurrer was set for May 24.

On the same day the judge will hear another motion for change of venue by Herrscher in a claim for $18,164 representing property of Mrs. Herrscher's estate and $10,000 damages filed by Robert Howard as executor.

MONTGOMERY WARD
R.C. 1300 Redwood City

County Employes Gird For Showdown on Wages

Fearful that job classification and wage standardization for 423 San Mateo County employes will be established on a base lower than that for employes of cities, counties, the state and federal government in the Bay Area, the San Mateo County Employes Assn. have marshalled its forces for a showdown.

Emil Stein, president of the association, said his group was frankly apprehensive, although its information is based largely on rumor. Members of the civil service commission and Mrs. Sarah Wilkins, representing the State Personnel Board, met with employes last night.

L. G. Owen, chairman of the commission, assured reporters today that the job classification is virtually complete, and that the salary standardization work is well underway. He said he believed it would be finished in time to present for public hearing next Tuesday.

The commission labored until after 1 a.m. today and will present a preview to the supervisors in private caucus tomorrow at 2:30 p.m.

Section 12 of the classified civil service amendment, Stein declared, requires the commission to establish a pay base comparable to that in public jurisdictions, but not private industry, in the Bay Area.

Stein believes that the commission has considered private industry pay rates in establishing its pay bases and that the result may be unsatisfactory to the employes' association.

He assured the employes last night that the association is pledged to the utmost of its resources to see that the charter amendment on civil service is fully lived up to.

The association has requested report from Carl Thornton, Berkeley city manager and author of the charter amendment; a ruling from its attorney, E. H. Cosgriff of Burlingame, and has already obtained a ruling from Dist. Atty. Gilbert D. Ferrell on the pay base question.

The supervisors had before them today copies of the preliminary 1943-44 budget, but salary figures represented departmental requests and bore no relation to the proposed standardized pay rates. The preliminary budget figures on salaries will be ignored in favor of the civil service commission's report, said Board Chmn. Fred E. Beer.

Total of preliminary budget requests for 1943-44, including the salaries yet to be standardized, is $2,679, 298 compared to $2,664, 907 requested a year ago.

For the 1942-43 fiscal year the board passed a budget of $2,802,212, which was $137,105 more than requested. County expenditures for the period are estimated at $2,457,764, which is $344,448 less than the budget.

Requests for maintenance and operation in the new budget are $1,641,332 compared to $1,593,-717 requested for the current year and $1,522,571 estimated expenditures. Capital outlay requests are up $25,478 from requests and up $20,695 from estimated expenditures for the current year.

Interest and debt redemption, due to final payment of 1913 highway bonds, will drop more than $60,000.

Belmont To Open Hospitality House

BELMONT — Belmont's new Hospitality House will open its doors Saturday night, Mrs. Laura Roeder, hospitality house chairman said today.

Renovating of the big house at the corner of Ralston Ave. and the Old County Road will give the committee far more spacious quarters in which to entertain service men than the present building in the business district. Plans for the opening will be discussed at a Belmont Chamber of Commerce meeting tomorrow night at 8 o'clock at the City Hall. Mrs. Roeder, also president of the chamber, will preside.

The hospitality house board met last week and appointed Mrs. May Walker as secretary, replacing Mrs. George Plummer, and named Mr. and Mrs. Dallas Graham to take charge of the maintenance of the new recreation headquarters.

Bessie Compton Wins $1500 Allowance

Mrs. Bessie Compton, widow of Charles A. Compton, founder of the Compton chain of restaurants in San Francisco, has been granted a family allowance of $1500 monthly by Superior Court Judge A. R. Cotton today. The order is effective Apr. 16, date of Mr. Compton's death. The Compton home is at 297 Park Ln., Atherton.

Palo Alto Can Go To Dogs-- Voters Give Their Approval

Palo Alto, by popular vote, today was entitled officially to "go to the dogs."

A controversy in the community which for several months has overshadowed the war, national government, labor difficulties and other world-shaking events, ended Tuesday when a proposed ordinance to prohibit dogs running at large in the city was defeated by a skinny 23-vote margin.

Six councilmen were elected Tuesday, too, but city government was only an incidental issue in this campaign.

When the city council was confronted by crowds of indignant citizens representing both sides of the dog issue, members of the board dropped the "hot dogs" into the laps of the voters with the result that a campaign resembling nothing short of a presidential election ensued within the city.

After the election the telephones of those in a position to know the results were swamped with inquiries. Four or five callers wanted to know which councilmen were elected. Hundreds were interested in only the dog vote.

The final count was 1327 in favor of the ordinance, 1350 against. Eleven absentee ballots can make no difference in the outcome. Palo Alto is back where it started and at least 1350 dog lovers are happy today.

By contrast, in Redwood City and San Mateo County, the procedure was less complicated, free of politics and the results were more definite.

Dr. C. C. Gans, county health director, solved the problem before it became a problem. He issued a rabies quarantine. The order requires that dogs and cats be kept in strict confinement or on leashes not more than 5 feet in length.

No fuss, no trouble, no election. What could be simpler—or more effective?

S.M. Blood Bank To Be Model

The San Mateo County Blood Bank has been chosen to serve as a model for a similar project to open this month in Phoenix, Ariz. Dr. Louis B. Baldwin, a practicing physician of that city, and Mrs. Baldwin visited San Mateo some time ago and selected the local bank from among others in the West, as being outstanding in its organization and methods of operation.

The Phoenix blood bank will be the only one in Arizona. Money for setting up the bank has been raised in the territory which will benefit by its services. Dr. and Mrs. Baldwin will be in charge of the bank. In addition to using the same architectural plan as the San Mateo County bank, the Phoenix bank will adapt to its purposes the system of filing and office detail which have been worked out here.

The American production of magnesium in 1943 will be 100 times as great as it was in 1939, it has been estimated.

Canning season just ahead

This year the legion of home canners will be far larger than ever before. And with the canning season just ahead, it's none too soon to start planning now for this food conservation event.

Plan Your Canning Budget

Of course, the amount of home canning you do will depend upon the size of your family. It is just as wasteful to can too much as it is to pass up the canning season altogether. A fair allowance for the average person is 100 quarts of canned fruits and vegetables a year. This figure includes both home and commercially canned foods. Divide that 100 quarts in thirds, one-third for fruits and berries, one-third for tomatoes and tomato juice, and one-third for vegetables with a large portion in leafy and green vegetables, and you have a rough estimate of your family's needs for the year.

This allowance doesn't include jellies, pickles, relishes and those extras that pep up the menu the year around.

Take Inventory

Check your canning equipment first. A large preserving kettle is a "must" for fruits and berries and tomatoes. Unless you have a pressure cooker or can borrow or rent one or share with your neighbor who has one, just forget about canning vegetables, meat, poultry and fish. It is folly to even attempt to can these things in any other way.

Jars, Lids, and Glasses

Assemble all your jars that can be used for sealing. Some mayonnaise and peanut butter jars and other jars can be used if they take the standard size self-sealing lids. Check the mouths of the jars and discard all those with chips, cracks, or flaws, for such defects make perfect sealing impossible. If you've half gallon jars, plan to use them for tomatoes and fruits. They are too large for the proper penetration of heat for other foods.

Glasses and jars which can't be sealed can be used for jam and sealed with paraffin.

Storage Space

Be sure there's enough storage space for your canned goods before you plan too much canning, for if you haven't a place to keep them, don't can—foods *will spoil!* They should be stored in a dark, cool place. It is not wise to keep them in the kitchen because of the heat from cooking.

FOR EASY COOKING IN A LIMITED SPACE

If you are cooking on a two-plate stove or one plate burner behind a screen—or if your space is very small, you'll want to read "Cooking In A Kitchenette" in this week's Family Circle magazine. *Free* at Safeway—a new issue out *every* Tuesday.

Safeway Homemakers' Bureau
JULIA LEE WRIGHT, Director

Prices in this ad effective Tuesday, Wednesday, Thursday, Friday and Saturday, May 11, 12, 13, 14 and 15, in San Francisco, Oakland, Berkeley, Alameda, Richmond, Hayward and other cities and towns in San Mateo, Alameda, and Contra Costa Counties, unless price changes are required as a result of new regulations from the O. P. A.

FREE EVERY TUESDAY

Your family will enjoy the Family Circle Magazine, so be sure to get your free copy every Tuesday. Timely articles, up-to-the-minute movie reviews, special recipes, household hints, and other interesting features are a regular part of this sprightly magazine. Get your FREE copy each Tuesday.

NO CEILING ON THE BOTTOM!

OH, DRAT IT ALL! I JUST CAN'T SEEM TO KEEP UP WITH THESE THINGS!
GOODNESS, MOTHER! WHAT'S THE TROUBLE?
IT'S THESE RATION POINTS AND CEILING PRICES! I KNOW THEY'RE IMPORTANT, BUT I GET SO CONFUSED!
THEY AREN'T SO BAD, MOTHER. LET'S GO DOWN TO SAFEWAY AND I'LL SHOW YOU.
YOU SEE, THE GOVERNMENT SET RATION VALUES TO ASSURE EACH OF US A FAIR SHARE OF THE FOOD, AND CEILING PRICES TO KEEP THE COST OF LIVING FROM JUMPING OUT OF BOUNDS. HERE IN SAFEWAY, RATION VALUES ARE MARKED ON EACH ITEM, AND CEILING PRICES ARE POSTED PLAINLY.
... BUT DIFFERENT STORES HAVE DIFFERENT CEILING PRICES. SAFEWAY'S ARE LOW, TO BEGIN WITH, AND WHENEVER POSSIBLE THEY MAKE THEM EVEN LOWER THAN THAT!
OH, I SEE, MARY. AT SAFEWAY I CAN DOUBLE-CHECK CEILING PRICES AND POINT VALUES—AND GET THE BEST VALUE FOR MY MONEY!

"LOWER CEILING PRICES" Will Make Your Food Go Farther

Thrifty shoppers have found our ceiling price items are priced low. Just as prices vary in different stores—so do "ceiling prices" differ. It is not necessary for all stores to maintain the same "ceiling prices." Join the many who shop at Safeway. And enjoy the benefits of lower ceiling prices.
